

Special Issue

Life Cycle Assessment for Sustainable Waste Management Strategies

Message from the Guest Editors

This Special Issue aims to set up prognoses and research models with the conscious application of circular economy and scientific methods. The LCA study is growing as it becomes crucial for the world to be environmentally friendly. In this Special Issue, original research articles and reviews are welcome. Research areas may include (but are not limited to) the following:

- Life cycle analysis;
- Environmental analysis;
- Circular economy aspects;
- Waste management;
- Recycling;
- Circular economy;
- The review of innovative technologies;
- Innovations and novelty solutions in recycling;
- Sustainability in the recycling process;
- Bioplastic recycling technologies;
- Recycling multi-material products;
- The life cycle assessment of recycling and products;
- Circular economy in recycling technologies;
- Policy and regulations in environmental analysis and circular economy;
- Recycling in the waste management system

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
