

Special Issue

Challenges on the Asian Models and Values for the Sustainable Development

Message from the Guest Editor

This Special Issue will consist of selected papers from the *Sustainable Asia Conference 2018*, an annual international conference held at the Chinese Academy of Science (CAS), Beijing, China, 18–21 May, 2018. SAC 2018 (<http://abf.inha.ac.kr/>) is one of the leading international conferences for presenting novel and fundamental advances in Sustainable Development issues for Asia. The purpose of the conference is for scientists, scholars, engineers, and students from universities and research institutes around the world to present ongoing research activities so as to promote global research networking in the area of sustainable development. This conference provides opportunities for delegates to exchange new ideas and application experiences, face-to-face, to establish research or business relationships, and to find global partners for future collaborations. The scope of this Special Issue encompasses topics related to sustainable development and management at both the macro- and micro-levels in Northeast Asian countries.
