

Special Issue

Community Self-Organisation, Sustainability, and Resilience in Food Systems

Message from the Guest Editors

This Special Issue considers the role of community self-organisation in relation to new landscapes of food sustainability and resilience. Recent years have seen a flourishing of community-led initiatives aiming to create systems that deliver nourishing food whilst upholding principles such as care for planetary resources, fair livelihoods for producers, food rights for consumers, and compassion for animals.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
