

Special Issue

Financial Risk Management and Sustainability

Message from the Guest Editors

We encourage original submissions, as well as review articles, theoretical and empirical contributions or perspective pieces. We welcome papers that relate to, but are not limited to, the following themes:

- The impact of social and environmental factors on:
 - Cost of capital
 - Capital structure
 - Financial performance
 - Market risk
 - Operational Risk
 - Credit risk management
 - Economic performance
 - Investment decisions
 - Information asymmetry
- The role of the Sustainable Development Goals in financial risk management and sustainability dynamics
- The impact of social and environmental factors throughout the financial risk management process: identification, measurement and assessment, mitigation and control, review and report.
- The effect of social and environmental information on financial disclosures
- The link between financial information audit and non-financial information assurance.
- Responsible management.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada
