

## Special Issue

# Design and Management of Sustainable Products, Industrial and Manufacturing Systems

### Message from the Guest Editors

For this Special Issue titled “Design and Management of Sustainable Products and Industrial and Manufacturing Systems”, we invite the submission of articles that foster discussion on the design and development of products, product–service systems, and manufacturing systems that will contribute to a sustainable society, management strategies for sustainable development, and the design and innovation of resilient socio-technical systems. This topic also includes servitization using smart technologies, such as cloud computing, Internet of Things (IoT), and cyber physical systems (CPS). Articles selected for this Special Issue will be subject to a rigorous peer-review procedure with the aim of rapid and wide dissemination of research results, developments, and applications.
