

Special Issue

Landscape Ecology and Sustainability—the Interface between Natural Landscape Values and Society

Message from the Guest Editor

This Special Issue will be a valuable compilation for researchers from different scientific disciplines but being interested in the subject area of ecology and sustainability of landscapes. Contributions to this Special Issue will include, but not be limited to, the following topics:

- Analyses of the perception of natural landscape values by humans;
- Landscape management toward conservation of biological diversity;
- Studies on indicators of natural landscape values;
- Agriculture and forestry practices in the context of landscape ecology;
- Cultural landscape elements and landscape values;
- Scientific background of landscape audits and legal aspects of landscape management;
- Sustainable landscapes and quality of life;
- Modeling of ecology and sustainability of landscapes, including studies on landscape resilience.

Guest Editor

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
