Shared Mobility

Message from the Guest Editors

We welcome systematic reviews, meta-analyses, conceptual papers, experimental studies, empirical cases, online surveys, and intervention studies. No weight will be given to results being null, mixed, or positive. Studies on potential side effects of shared mobility (positive or negative) and methodological challenges are also welcome. If you are uncertain about whether your paper fits into the scope of this Special Issue, please contact the . This Special Issue is open to any subject area related to shared mobility. The listed keywords suggest just a few of the many possibilities.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
