

## Special Issue

# Sustainable and Safe Two-Wheel Mobility

### Message from the Guest Editors

This Special Issue is focused on recent advancements that aim to improve safety, efficiency, and sustainability of two-wheel transport and mobility. Topics of interest include, but are not limited to:

- Electric two-wheelers
- Shared mobility with a focus on two-wheelers
- Ride hailing with a focus on two-wheelers
- Environmental and health effects of two-wheelers
- Behaviour and safety of two-wheel users
- Policies to promote sustainable two-wheel transport and mobility
- Travel behaviour with a focus on two-wheel users
- Interactions between connected and automated vehicles (CAV) and two wheelers
- Motorcycle simulator studies
- Two-wheel traffic flow modelling and analysis
- Priority measures for two-wheelers

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
