

Special Issue

E-commerce Engineering and Sustainable Management

Message from the Guest Editors

The aim of this Special Issue is to explore new aspects in e-commerce engineering and sustainable management. In this Special Issue, broad topics relating to the sustainable aspects of e-commerce engineering and management are welcome. Additionally, original research articles and reviews are also welcome. Research areas may include (but are not limited to) the following:

- The application of emerging technologies (i.e., blockchain, artificial intelligence) in sustainable management
- Business model innovation under sustainability
- The design of sustainable business ecosystems and platform businesses
- Enterprise digital transformation and sustainable operation
- Platform governance and regulation
- Sharing economy and sustainability
- The sustainable aspects of e-commerce engineering
- Sustainable e-commerce supply chain management
- The sustainable practices adopted by e-commerce companies
- Sustainable supply chains and logistics

We look forward to receiving your contributions.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
