

## Special Issue

# Cyanobacteria and Clean Environment: 2022

### Message from the Guest Editors

This Special Issue will discuss the different aspects of cyanobacterial adaptation to extreme environments and their potential for biotechnological exploitation and sustainable future research. In this Special Issue, original research articles and reviews are welcome. Research areas may include (but are not limited to) the following:

- Cyanobacteria and algae for green energy and biofuel;
- Cyanobacteria for sustainable agriculture;
- Cyanobacterial adaptations on extreme environment;
- Cyanobacterial adaptations to extreme environment.

We look forward to receiving your contributions.

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPIus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1  
(Geography, Planning and Development)
