

## Special Issue

# Employees, Internal Social Responsibility, and Corporate Sustainability

### Message from the Guest Editors

This Special Issue aims to explore, discuss, and analyze how sustainable principles are being adopted in human resource management and internal marketing in all organizations in any sector (private, but also public, third and fourth sectors) as well as how this has been contributing and can contribute in the near future to the achievement of successful sustainable practices. The guest editors welcome theoretical and empirical contributions focused on, but not limited to, the following topics: - Internal Social Responsibility actions and campaigns in public, private, nonprofit, and hybrid organizations - Internal marketing actions and policies dealing with sustainability principles - Human Resource Management approaches to sustainability - The Human Resource Department role in Corporate Social Responsibility and sustainability - The journey to Green/Sustainable labor practices fostering employees well-being - Labor relations and the legal support for internal management practices and procedures based on sustainability

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
