

Special Issue

Landscape Analysis, Planning and Regional Development

Message from the Guest Editors

The special issue welcomes papers addressing innovative approaches and frameworks in the landscape analysis, planning and regional development fields; papers focusing on new methodological and technological challenges for combining development, social, environmental and economic sustainability, and landscape protection and enhancement; papers addressing the analysis of territorial challenges and the identification of innovative site-specific territorial policies aimed at multi-level, multi-sectoral and evidence-based regional development, from cities to rural areas, at various territorial scales; papers about the evaluation of the impact of Landscape Planning and Regional Development policies and plans for urban and rural development, support to policy making and decision making. Papers can also focus on relevant territorial or subject-based case studies, comparative studies, studies using multidisciplinary, interdisciplinary and transdisciplinary approaches, integrated approaches considering the various landscape features and the various interconnected processes and actors, participatory processes and experiences involving different actors and sectors.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
