

Special Issue

Emerging Technologies for Sustainability and Safety

Message from the Guest Editors

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The Special Issue, entitled “Emerging Technologies for Sustainability and Safety”, is calling for emerging technology-enabled research which address relevant SDGs across the following sectors: business, power, transportation, manufacturing, services (education and health), agriculture, and buildings. Emerging technologies play a pivotal role in revolutionizing sustainability to support the UN’s 2030 Sustainable Development Goals. This Special Issue theme will address the following SDGs: Society and human needs SDG2 Zero Hunger; SDG3 Good Health and Well Being; SDG4 Quality Education; Sustainable amenities and utilities for the environment SDG7 Affordable and Clean Energy; SDG13 Climate Change via Low Carbon Growth; SDG11 Sustainable Cities and Communities; Sustainable industry SDG9 Industry, Innovation and Infrastructure; SDG12 Responsible Consumption and Production.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
