

## Special Issue

# Modern Circuits and Systems Technologies on Communications 2021

### Message from the Guest Editors

The 10th International Conference on Modern Circuit and System Technologies on Electronics and Communications (MOCAS 2021) will take place in Thessaloniki, Greece from July 5 to 7, 2021. MOCAS's technical program includes all aspects of communications and network technologies from antenna design, propagation modeling, wireless communications, network systems and applications. This Special Issue aims to publish extended versions of papers in the area of communications from the conference. Potential topics include but are not limited to the following:

- Antenna design
- Propagation
- Communications systems
- Wireless Communications
- Network systems

---

### Guest Editors

Prof. Dr. Sotirios K. Goudos

Prof. Dr. George K. Karagiannidis

Dr. Panagiotis Sarigiannidis

---

### Deadline for manuscript submissions

closed (31 December 2021)

## About the Journal

### Message from the Editor-in-Chief

I would like to introduce the new, online, and open access journal *Telecom*. The purpose of *Telecom* is to publish high-quality research papers as well as review articles that address recent advances in communications technology. We invite researchers to contribute original papers describing applications and experiences in emerging trends of all fields of telecommunications engineering. *Telecom* also welcomes Special Issue proposals from academics and industrial researchers. We aim to facilitate more collaboration between scientists and engineers around the world, such that they will produce their innovative ideas and submit their cutting-edge technologies to *Telecom*. We anticipate the receipt of your contributions to *Telecom*, and we welcome your comments and ideas on how to improve this journal.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within ESCI (Web of Science), Scopus, and other databases.

#### Journal Rank:

CiteScore - Q2 (Electrical and Electronic Engineering)
