## Exploration of Interstellar Space: Concepts, Space Science and Missions

### Message from the Guest Editor

This Special Issue aims to gather a wide range of reviews and recent developments, ranging from foundational issues of space exploration to recent advancing discussions, focusing on concepts of exploration of interstellar space, space science and mission design. The objective of this Special Issue is to inspire motivation in new researchers to employ and further develop concepts of interstellar space exploration over the coming decade.

## About the Journal

### Message from the Editor-in-Chief

The multidisciplinary *Universe* journal is aiming to follow and, hopefully, to lead to the largest extent as possible the ever-self renovating threads which weave mathematical theories with our understanding of the magnificent natural world. On behalf of all the distinguished members of the editorial board, I extend my welcome to this journal and look forward to hearing from the interested contributors and learning about their valuable research.
