# **Special Issue**

# Age-Related Macular Degeneration

## Message from the Guest Editors

The Special Issue on "Age-Related Macular Degeneration" will cover major advances in AMD over the past five years, with a mixture of review articles and original articles. The subjects may include the following:

- Pseudoreticular Durban
- New therapies of neovascular AMD beyond anti-VEGFs
- Geographic atrophy
- Phenotypic classification of AMD
- OCT-A in AMD
- Genetics of AMD
- Nutritional and lifestyle changes and AMD
- Risk factors for progression of intermediate advanced AMD
- Pathological/OCT correlation of AMD
- AMD is a systemic disease?
- Complement factors and AMD
- Extracellular matrix and AMD
- Lipids and AMD
- Animal models of AMD
- In vitro models of AMD
- Gene therapy of AMD—Is that a reality?
- Autofluorescence (AF) imaging and quantitative AF (qAF) in AMD
- Hyperspectral imaging of AMD
- Role of the choroid in AMD, thick and thin
- Dark adaptation and microperimetry testing in AMD
- The role of RPE lipofuscin in AMD

## **About the Journal**

## Message from the Editor-in-Chief

Vision research has developed tremendously over the last years and has been well served by some of the available journals. We feel that a new journal, with no historical or societal affiliations, offers a chance for a broad interdisciplinary coverage and a means of highlighting the increasing number of interesting results and ideas. We are therefore convinced that the launch of a truly interdisciplinary journal in the area of vision science is worthwhile, timely and necessary. *Vision* is a journal for, and by, all vision scientists, committed to the advancement of their field of interest.

## Editor-in-Chief

Prof. Dr. Andrew Parker

Department of Physiology, Anatomy and Genetics, University of Oxford, Oxford OX1 3PT, UK

## **Author Benefits**

## **Open Access:**

free for readers, with article processing charges (APC) paid by authors or their institutions.

## **High Visibility:**

indexed within ESCI (Web of Science), Scopus, PubMed, PMC, and other databases.

## **Rapid Publication:**

manuscripts are peer-reviewed and a first decision is provided to authors approximately 24.9 days after submission; acceptance to publication is undertaken in 4.6 days (median values for papers published in this journal in the first half of 2024).
