Message from the Editor-in-Chief

In support of sustainable waste management to achieve the goal of a circular economy, *Waste* invites submissions focused on new ways and solutions, state-of-the-art waste treatment technologies and advanced waste management strategies. We publish original reviews, perspectives, research articles, and short communications following a comprehensive and timely review process.

Editor-in-Chief

Prof. Dr. Catherine N. Mulligan

Aims

Waste (ISSN 2813-0391) is an international, open access journal focused on state-of-the-art waste treatment technologies, advanced waste management strategies, and political issues and support for the UN Sustainable Development Goals. The journal publishes original reviews, perspectives, research articles, and short communications. The journal provides a publishing platform for studies and discusses new ways and solutions for sustainable waste management to achieve the goal of a circular economy.
