Deadline for manuscript  
submissions:

**31 October 2021**

### Message from the Guest Editor

Dear Colleagues,

With more than 2 billion people worldwide suffering from water scarcity, clean water is one of the most important natural resources on earth, whereas wastewater, which corresponds to spent water, can be considered as a valuable natural resource if treated and reused. This Special Issue aims to address the current pressing problems of natural water resource contamination as well as wastewater treatment and reuse. Papers are invited that investigate innovative treatment options in water engineering, highlighting the latest scientific understanding of involved chemical mechanisms. This Special Issue collects original research and critical reviews on scientific and technical information. Case studies describing real-life applications of novel technologies are also very welcome.

an Open Access Journal by MDPI

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:**—free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High visibility:** indexed by the [Science Citation Index Expanded](#) and [Social Sciences Citation Index](#) (Web of Science), as well as [Scopus](#) and [other databases](#).

**Rapid Publication:** manuscripts are peer-reviewed and a first decision provided to authors approximately 14.5 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the first half of 2020).
