Message from the Guest Editor

Examples of situations that may provoke human wildlife conflict.

The aim of this Special Issue is to encourage and provide inspiration for cross-regional and cross-landscape approaches. It is important to exemplify the various types of existing conflicts in different contexts, as well as encourage the discovery and better understanding of fundamentally valid mechanisms and generally applicable strategies.

Message from the Editor-in-Chief

Diversity (ISSN 1424-2818) is a scholarly journal that covers all areas of diversity research. Our distinguished editorial board and refereeing process ensures the highest degree of scientific rigor for publishing. Original research articles and timely reviews are released online, with unlimited free access.

We invite papers and reviews on multidisciplinary topics of diversity that bridge organismic diversity (systematics, biodiversity, phylogeny, population genetics, and evolution) and molecular diversity (phytochemistry and biophysics).
